# la bonne cuisson

We believe that in preparing food; all basic techniques, ingredients and machines have to homogenise to create a dish that translates to a simple nod and smile. A simple coffee has to be slightly bitter but drinkable, cake shouldn't be too sweet, a fillet has to be served medium rare and sauces should be drinkable from its saucer. And most importantly, waiting for a good food is like sitting on the couch at granma's house, no rush, but the urgency is in the atmosphere.

Bakerina was founded by Yan, a girl deeply passionate about baking and cooking, whose journey began with weekend culinary classes in 2010 and evolved into a full-time business by 2016.

Bakerina expanded its operations within the food and beverage industry by inaugurating a small café in February 2020. Despite the challenges posed by the pandemic in March 2020, Bakerina demonstrated resilience and achieved significant progress by introducing an expanded menu, addressing customer feedback, and garnering widespread support.

In 2021, Bakerina established a fully-fledged restaurant in Eco Majestic, uniting a diverse array of offerings—including cakes, steaks, and desserts—all under one roof. The establishment exemplifies the joy of culinary artistry and strives to share happiness through its meticulously crafted creations.
